Order Clarifying Appellate Rule Amendments Effective July 1, 2016

Effective July 1, 2016, the Rules of Appellate Procedure governing the preparation and filing of materials for cases on appeal will change. Questions have arisen concerning the application of the amended rules to cases that straddle the effective date of the amendment, that is, those cases where the Notice of Appeal is filed prior to July 1, 2016, and filings in those cases occurring on or after July 1, 2016. These questions are resolved as follows:

1. A Clerk or Court Reporter shall prepare the Clerk's Record, Transcript, and any other materials filed with the Court on Appeal based upon the rule in effect at the time the Notice of Appeal was filed.
2. Attorneys shall prepare their briefs, appendices, and other materials filed with the Court on Appeal based upon the rule in effect at the time those items are filed with the Court on Appeal.

Done at Indianapolis, Indiana, on 6/20/2016.

Loretta H. Rush
Chief Justice of Indiana
